## Columbia Dance Presents! 2017

**\*Note to parents:** You may drop off your child to the backstage area at the stage door entrance off 31<sup>st</sup> St. Upon arrival, please be certain to **sign in** with the backstage door monitor... and to **sign out** upon leaving the theater. Please send healthy drinks/snacks for your dancer as well as quiet activities for them to do during downtime (quiet games, books, etc). We will have backstage chaperones to help with makeup, and costumes. We ask that parents do their dancers hair prior to arriving at the theater; we will have no one available to do dancer's hair backstage. Photography and videotaping are not allowed during the public performances. For the safety of our dancers, photography is not allowed during any on-stage rehearsals. The stage will be available for a short time after each performance for personal photographs. Columbia Dance hires professional videographers and photographers to document our performances; look on the Call Board for DVD and photo CD order forms.

**Dancers who are only in Don Quixote: We encourage you to watch the other dances in this wonderful & inspiring program.** There is much to be learned from watching the Company dancers perform and seeing as much dance as possible. You may stay to watch rehearsals from the audience on both Tuesday and Wednesday nights. *If you wish to watch during a public performance, you will need to inform the Dressing Room Coordinator by Wednesday & be in the dressing room by 1:00pm for make-up; then we will seat you in the audience in a reserved area designated for performers only to watch the first half of our program.*

*Please have nice clothes to wear over your tights and leotard.*

**Please be reminded that the audience entrance to the theater is through the front door from "F" Street, as per the request of VSAA.**
